

Debosmita Ray

Passionate UI/UX Designer and Front-End Developer with a strong focus on creating intuitive, user-centered designs and seamless, responsive web experiences. Skilled in both design and development, bridging the gap to deliver visually appealing and functional digital products.

I am applying for a Front-End Development Internship to enhance my skills and contribute to innovative projects.

- 10th Boards**, Ram Mohan Mission High School (29/05/2017) | Kolkata, India Percentage – 91%

Tools

- VSCode
- Figma
- Photoshop

My Work

As a passionate front-end developer with a keen eye for design, I have crafted both the front-end and UI/UX aspects of my portfolio. My approach blends creative design principles with modern development practices, ensuring that each project I work on is visually appealing, user-friendly, and highly functional. Whether it's crafting interactive interfaces, optimizing user flows, or implementing responsive designs, I strive to create seamless digital experiences that not only look great but also provide intuitive navigation. My portfolio showcases my skills in both development and design, highlighting my ability to bring ideas to life from concept to code.

I have worked on an UI/UX project in Figma and Photoshop and a Front-End Development project in VSCode which includes Lucide icon, ShadcnUI, Javascript, Tailwind CSS, React.
